

By faith Noah, being warned by God concerning events as yet unseen, in reverent fear constructed an ark for the saving of his household. By this he condemned the world and became an heir of the righteousness that comes by faith.

Suffering in life can uncover untold depths of character and unknown strength for service.

People who go through life unscathed by sorrow and untouched by pain tend to be shallow in their perspectives on life. Suffering, on the other hand, tends to plow up the surface of our lives to uncover the depths that provide greater strength of purpose and accomplishment. Only deeply plowed earth can yield bountiful harvests.
